W10-P1: show w09-resume locally

The screenshot shows a web browser with the address bar displaying `127.0.0.1:5503/demo_xx.html#`. The browser's taskbar at the top includes icons for Cal, iClass, Gmail, YouTube, EN, P1, Web, A1, Udemey, GitHub, and ASUS E-Service. The browser's navigation bar shows a series of links: 鍾興臺 - 1 2 3 4 5 6 7 8 9, w1-intro, w2-card, w4-blog, w6-grid, w8-landing, and w9-resume. The main content area displays a resume for John Doe, a Software Engineer, with an 'ABOUT ME' section containing placeholder text. The developer tools on the right show the HTML structure, with a red box highlighting the `<iframe src='./demo/w09_xx/resume_xx.html' width='100%' height='100%'>` tag. The 'style' tab shows the default styles for the `.show-classdemo` class, including `width: 100vw;` and `height: calc(100vh - 5rem);`.

W10-P2: show w09-resume from Vercel

W10-P3: show w10_xx.md from Github

W10-logs: show all logs of Week 9
